

# Play with Limits

**Limits can stimulate creativity,**

so ask yourself:

*What would we do if we had half the budget/ no budget?*

*What would we do if we had to make it happen in one week?*

**No limits thinking can also boost your courage to dare new things,**

so ask yourself:

*What would we do if we could do anything?*

*If we had a limitless budget?*

*If we knew we could not fail?*

*If we could access any kind of resources?*
