

1

INITIATIVE

What is my personal why?
What is my development direction (describe as specifically as you can your vision)

2

DIAGNOSE YOUR LEARNING NEEDS

What do I need to learn? (think about where you are against your vision)
Do NOT set an external achievement goal but a learning goal

3

DEFINE A LEARNING GOAL

How will I know I have made progress? (describe an observable, specific way that will tell you that you have reached your learning goal)

6

TRACK PROGRESS

How will I get feedback about my progress? (from results, from people?)

5

SET LEARNING STRATEGIES

Assess your preferences – on-the-job, formal, social?
How do I learn best? What learning styles should I practice more?

4

FIND RESOURCES

Thinking of your learning style, where can you find the resources for your learning? – time, people, information, activities?
