

# The **OmniLearning** Experience

Let's start with a problem...  
As you read, just **tick the boxes**  
**that apply to you**

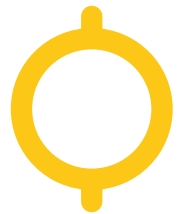

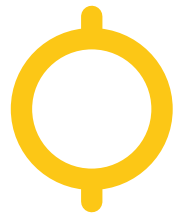

**Our learners do not learn  
enough.**

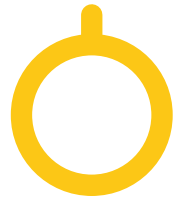

**They don't show up or...**

**don't step up in a session  
or...**

**don't put things into  
practice.**

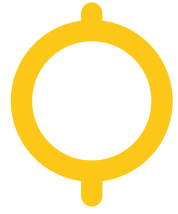

**We have lots of great content, but under-used.**

Well, if we asked them, they would have lots of reasons.

**They may say ...**

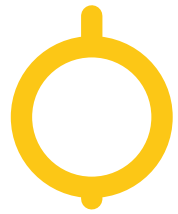

**Too much information**

**Too complex**

**Too little time**

**Too boring**

**Not for me**

And they would be **right.**

So, how about creating  
**an experience they cannot  
refuse?**
